Online Education

1. Does all programs/courses were completed on time.

Yes

2. Measures taken to complete the syllabus of courses and programs.

A team comprising Principal, Deans, Head -IQAC and HoDs deliberated on the feasibility of conducting courses for all programmes through online mode. The availability of network connectivity and learning devices among the students and the faculty were studied through a survey. Considering the compatibility of the devices and the learning platforms available, MS Teams was chosen for conducting the online classes. All students and faculty were added in MS Teams. Individual teams were created by faculty in-charges of each course of all programmes, which included both theory and practical courses. A time-table with five 50-minute periods was planned and 15 minute break was allotted between periods. The faculty concerned scheduled meetings and delivered lectures using PPTs, Videos and podcasts created by them. They also used online quizzes, games and simulations in order to facilitate interaction and collaboration. Similarly, for conducting tests and assessments separate teams were created for each class. The questions were of MCQ type and descriptive type and they were assigned using assignment option in MS Teams. The responses for descriptive questions were uploaded as PDF by the students for evaluation and it was evaluated in teams with comments by the faculty. The lessons and assessments for theory and practical courses for all programmes were conducted without any compromise. As the end semester exams were conducted only by the affiliated university (Anna University, Chennai), the institute has a control over only syllabus coverage and conducting Internal assessments. Apart from completing the syllabus, the Institute also arranged revision classes, doubt clarifying sessions, online project reviews and more practice tests to make the students ready for the final exams. As the end semester exams were conducted as open book exam by the affiliated university, the faculty prepared question banks based on the pattern. Further special coaching were given to the students for all the courses to crack and attend open book exams. Other than MS teams, Google meet, Zoom and webex platforms are also used for webinar and other online activities. The Institute has conducted series of stress managements webinars and workshops for the students to make them concentrate on the courses without any stress. Each faculty was assigned as mentors for 15 students and they were in constant touch with the students for solving any academic or personal issues during the pandemic. The examination cell of the Institute and assigned faculties assists the students in solving the technical issues during the end semester exams. This made the students stress free and very few defaulters in completing the exams. Overall the institute has taken all the above measures to complete the syllabus on time.

3. The period of delay in completion of syllabus (in months).

0

4. The period of delay in conducting exams (in months).
