KCG COLLEGE OF TECHNOLOGY

KCG College of Technology, an Unit of Hindustan Group of Institutions, was established in 1988 is affiliated to Anna University Chennai and is an ISO 9001:2008 certified institution. Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Information Technology, Mechanical Engineering courses of this college have been accredited by the National Board of Accreditation (NBA). Five of the departments are approved as Research Centres by Anna University to offer M.S (by Research) and Ph.D programmes. Six Departments have been accorded permanent affiliation by Anna University. The campus of KCG College of Technology is beautifully landscaped in a lush green stretch of land spread over 50 acres at Karapakkam, which is about 10 km from Adyar on the Old Mahabalipuram Road, the IT Corridor of Chennai. The college operates a fleet of buses connecting all parts of the city for the convenience of the students and staff.

ABOUT RESEARCH FORUM

KCG-RF Research Forum (KCG-RF) started in the year 2013 with the aim of accelerating research, publications, consultancy and to get funded projects in various areas. The college is actively involved in research and development. Funds have been received by the college from various funding agencies namely - All India Council for Technical Education (AICTE), Ministry of Micro, Small and Medium Enterprises (MSME), Department of Tamilnadu State Council for Science and Technology (TNSCST), National Institute of Wind Energy (NIWE), Department of Science and Technology (DST), Indian Council of Medical Research (ICMR), Combat Vehicles Research and Development Establishment (CVRDE), Defence Research and Development Laboratory (DRDL), India Space Research Organisation (ISRO) and from professional societies - IET, IEI, IEEE.

ABOUT THE CONFERENCE

We are glad to announce the International Conference on Innovations & Discoveries in Science, Engineering and Technology (ICIDSET-18), Chennai during 17th and 18th April 2018 in association with Labtech Innovations. All the submitted research articles will be peer-reviewed by the program and technical committees of the conference ICIDSET-18. The Conference will provide an excellent international forum for sharing knowledge and results in Emerging Technological Innovations in Science, Engineering, Technology and Management. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet & share the cutting-edge developments in the field of Science, engineering and technology.

SCOPE OF THE CONFERENCE

- All the accepted papers will be published in the conference proceedings.
- All the accepted paper will be published in relevant Scopus Indexed International Journals as well as in Anna university Annexure 1 Journals.
- Awards will be given for the best research paper as well as best paper presentation.
- Delegates with research activities and innovative ideas which may be beneficiary for humanities will be funded through Labtech InnovationsTM Research Funding Scheme.

CALL FOR PAPERS

The full text paper should be in MS Word one-Column format (font - Times New Roman, Size -12, Line Spacing 1.5) Original contributions are solicited on topics covered under broad areas such as (but not limited to)

Electronics and Communication

- Analog and digital signal processing
- Image processing & Speech processing
- Cognitive radio networks
- Wireless-mobile communication and technologies
- Embedded, VLSI & wireless systems
- 4G-5G Cellular communications

Mechanical Engineering

- Advanced battery and fuel cell development for electric vehicles
- Structure, Materials, Design, Production and Tribology
- Biomass fuelled power plant
- Design Engineering
- Manufacture Engineering
- Thermo Fluid

Electrical and Electronics Engineering

- Renewable and Sustainable Energy Management
- Smart Grid
- Digital Control of Electric Drives
- Recent Trends in Automation
- Modern Converters for Industrial Applications

Electronics and Instrumentation

- Industrial Control And Automation
- Smart Sensors
- Machine Vision System
- Industrial Internet of Things
- Process Modelling and Simulation

Aeronautical Engineering

- Aerodynamics
- Aircraft Materials and Structures
- Aerospace Propulsion
- Avionics
- CFD
- Aircraft Maintenance
- UAV/MAV

Civil Engineering

- Use of industrial waste
- Structural analysis and design
- Social and environmental research
- Life-Cycle analysis
- Micro climate

Physics

- Photonics
- Condensed matter physics
- Nano technology
- Astroslogy and Astrophysics

Chemistry

- Green chemistry and engineering for sustainable future
- Water: From pollution to purification
- Recent advances in Nano sciences and Nano technology

Mathematics

- Operations research
- Computational Fluid Dynamics
- Algebra
- Number Theory
- Fuzzy Sets & Logics Numerical Analysis
- Graph Theory
